

SIRVISETTI

Sirvisetti Company Overview

Connect. Automate. Autonomize.

Sirvisetti - Autonomize Your Business

Connect. Automate. Autonomize.

Who we are

Enterprise software experience focused on practical business execution.

01

Founded in 2000 with roots in enterprise applications, integration and automation.

02

Today Sirvisetti is focused on Autonomous Business and governed execution.

03

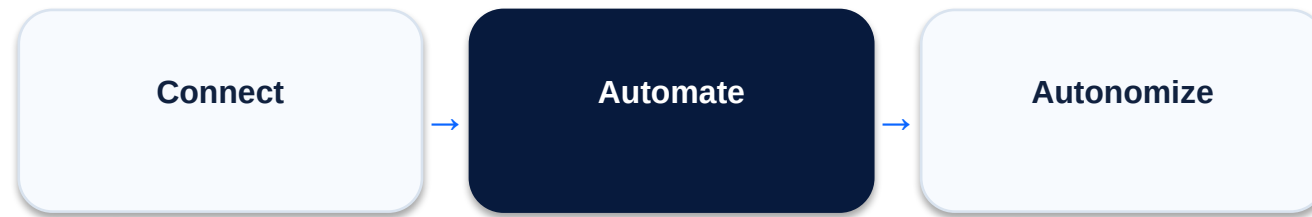

Our mission: Autonomize Your Business.

04

Our product: Autonomy, the governed execution platform for autonomous business.

The Sirvisetti evolution

A natural progression in business software.

What we build

A focused portfolio around autonomous business.

Autonomy

Governed execution platform.

Business Packs

Reusable business capabilities.

Application Packs

Target-system implementations.

ABCS

Business-first capability specification.

Why Sirvisetti

Business first. Governed by design.

01

Applications remain systems of record; Autonomy becomes the system of action.

02

Any agent can use the same governed capability layer.

03

Customers can adopt incrementally without replacing core applications.

Ready to autonomize your business?

Talk to Sirvisetti about one meaningful business capability.
